

# HAIRSTYLISTS

Volunteer Check-In for Beautification Volunteers is 5:00pm.

## List of things needed to bring if possible:

- Handheld mirror
- Bobby pins/hair pins (we will also be providing some)
- Small ponytail holders
- Combs & styling combs (whatever you like to use for updos)
- Hairspray
- Curling irons, flat irons (whichever you like to style with)
- Water bottles (for men's hair if needed)
- Trimmers (if any guys want their neck cleaned up)
- Any specific styling products you like to use
- Power strip if you have one on hand

We will provide bobby pins, hair pins, hair accessories, clips, and small ponytail holders. We also have body glitter, nail wraps, nail stickers, small fake tattoos, and make-up.

Be sure to ask before touching or applying anything. Let our Honored Guests see themselves in the long mirrors during and at the end of getting ready.

Some of our Honored Guests may arrive with their hair or make-up done. We still want them to have an experience with our beautification team. We can put stickers on their nails if they are already painted, a little glitter on cheeks, face, etc., or spray a shimmer in their hair.

Your Team Lead will release you after all Honored Guests are taken care of and all the station areas are clean. Plan on leaving between 6:30pm-7:00pm. If you have any questions, please feel free to ask.
