

NAIL ARTISTS

Volunteer Check-In for Beautification Volunteers is 5:00pm.

We will provide the nail decals/wraps & stickers, files, scissors, and everything needed for applying the nails. We will show you how to apply and what to do. We will also do another small training before the prom begins to give a fresh reminder.

Instructions: (Can last 1–2 weeks)

- 1) Clean nails with an alcohol pad remover.
- 2) Select the size to suit the nail. (Normally recommend using a bit smaller size than a larger size.)
- 3) Apply the wrap onto the nail close to the cuticle, but not on the cuticle, and smooth it until wrinkle-free.
- 4) Cut the excess part and file to match the nail shape.

Some of our Honored Guests may arrive with their hair or make-up done. We still want them to have an experience with our Beautification Team. We can put stickers on their nails if they are already painted, a little glitter on cheeks, face etc., or apply fake tattoos (if approved by parent or caregiver).

Your Team Lead will release you after all Honored Guests are taken care of and all the station areas are clean. Plan on leaving between 6:30pm-7:00pm. If you have any questions, please feel free to ask.

Beautification Team Lead
