

# PHOTOGRAPHERS

- Arrive at 5:00pm for Volunteer Check-In. You will need to pick up your Event Staff lanyard and first SD card for the night. Have your lanyard on you AT ALL TIMES! It is your proof of a background check and a signal to the Security Team that you're supposed to be here.
- Honored Guest Check-In will begin at 6:00pm.
- There will be one Photo Op at the beginning of the Red Carpet (around Flower Tent) that will need to be manned by a photographer for the beginning of the event. We will be doing coverage in shifts and have the remaining Photographers floating throughout the Beautification area, VIP area, Red Carpet, and Karaoke. We will release photographer shifts 2 weeks before the event.
- When at a Photo Op, please wait until you are relieved by another Photographer before going to float! That way no Honored Guest will be left without a photo at that spot :)
- We will collect SD cards for culling and editing earlier in the night! Please drop off your first card and pick up your second card at the CCEC front office. This is also a safe place for charging batteries, swapping SD cards, or leaving your equipment when you need to eat or use the restroom!
- I definitely encourage you to eat when you can, but this is *not* a day to skip lunch since the food is usually just Chick-fil-A for our Honored Guests and we'll be pretty busy with photos!
- Please wear attire for an evening wedding and wear comfortable shoes, since we will be standing for a majority of the event. Also take note that there may be space heaters outside, but a formal jacket or coat might not be a bad idea!
- At the end of the night (9:00pm) or whenever you need to leave, simply "check out" by returning your lanyard, SD card, and any rental equipment to the CCEC front office!
- This year, the Crowning Ceremony will be at the end of the night. At 8:45pm, all VIPs, Honored Guests, and Buddies will make their way to the Dance Hall. Please be sure to capture different angles of this special moment!

So excited to serve with you all and capture one of the best nights of the year!
